91	Green Space- our parks need funding!!! I have volunteered for the parks and have been very frustrated to find out that there is no funding and not enough volunteers. Garden installations are approved to be added to Liberty Parks by the hand of scouts but then nobody takes care of them. We need a Parks Director- somebody who makes sure that the picnic tables, gazebos, all plantings are taken care of. I live right by Allen Park and the gazebo is falling apart (NEEDS TO BE FIXED BEFORE IT FALLS APART!) and the picnic tables are a mess. The plantings are overgrown with weeds and the flowers planted in years past have disappeared because the weeds choke them out. If you are going to have Parks then you need to take care of them. All if not most have need badly neglected. I spent 40 hours this past spring trying to rejuvenate the perennial beds at Allen Park. But it gets frustrating when there is no help or support. Im 60 years old and shlepped all the mulch to the beds by wheelbarrow. I cannot do that again! That's a young man's job. More evidence that the township needs Park funding/attention. If it wasn't for the handfull of amazing dedicated volunteers the Parks would be worse than they already are. Take care of what is there first before adding more!!	9/14/2019 12:23 PM

Good schools, good access to hospitals and medical services, good access to shopping, VOA park a big asset-especially appreciate walking paths that can accommodate older folks - not just soccer and baseball fields. I just realized, however, that the VOA park and shopping area and UC Hospital are in West Chester Twp, which still works for us. Being longtime residents, these were the first good facilities that we had access to. However, we do appreciate our newer local shopping areas, Liberty Center and Cincinnati Children's Hospital which are big assets.	9/10/2019 10:33 AM
